

ADEKUNLE AMOS OLARINDE

Abuja, Nigeria | (+234) 7052030265 | adekunleamosolarinde@gmail.com | GitHub: github.com/Olamirinde

PROFESSIONAL SUMMARY

Computer Science graduate with hands-on experience in backend software development, REST APIs, server-side programming, databases, and Git/GitHub. Experienced in building and debugging web services and working with PHP and JavaScript-based applications. Strong problem-solving and collaboration skills, with a practical, learning-focused approach to developing reliable and maintainable software.

TECHNICAL SKILLS

- **Backend & Programming:** PHP, JavaScript, REST APIs, server-side development
- **Databases:** MySQL, relational database concepts
- **Software Development:** API development, authentication, validation, debugging, performance improvement, OOP, MVC concepts
- **Tools & Workflow:** Git, GitHub, VS Code, Composer, Linux/Ubuntu
- **Frontend Familiarity:** HTML, CSS, React, Next.js
- **AI-Assisted Development:** Familiarity with AI-assisted coding and development workflows

PROFESSIONAL EXPERIENCE

Software Developer Intern — NQLB | January 2026 – September 2026

- Worked on backend software projects using Object-Oriented Programming (OOP) principles and structured application design.
- Applied MVC architecture to organize application logic and improve separation of concerns.
- Built and tested simple REST APIs, working with server-side logic and API endpoints.
- Used the Lumen framework to develop and contribute to backend projects.
- Worked with databases and backend application components as part of project development.
- Debugged application issues and refined implementations while collaborating on assigned development tasks.

Student / Technical Projects — Obafemi Awolowo University

- Collaborated on academic and technical projects, applying programming, problem-solving, and software development concepts.
- Completed coursework, research, technical training, and group projects involving software development.

PROJECTS

GitHub Portfolio — github.com/Olamirinde

- Personal and academic projects demonstrating backend development, REST API concepts, programming, version control, and web application development.
- Projects include practical work with PHP, JavaScript, databases, authentication, application architecture, and API development.

EDUCATION

B.Sc. Computer Science & Engineering — Obafemi Awolowo University, Ile-Ife

2019 – 2026

A-Levels — Greater Tomorrow International College, Ikare, Ondo State

2011 – 2017

ADDITIONAL STRENGTHS

- Problem-solving and analytical thinking
- Collaboration and communication
- Ability to take ownership of assigned tasks with minimal guidance
- Continuous learning and adaptability
